

URANTIA BOOK ORIGINS AND RELATED REFERENCES

P.865 - §1 3. *Contact personalities.* In the contacts made with the mortal beings of the material worlds, such as with the subject through whom these communications were transmitted, the midway creatures are always employed. They are an essential factor in such liaisons of the spiritual and the material levels.

P.865 - §3 Midwayers vary greatly in their abilities to make contact with the seraphim above and with their human cousins below. It is exceedingly difficult, for instance, for the primary midwayers to make direct contact with material agencies. They are considerably nearer the angelic type of being and are therefore usually assigned to working with, and ministering to, the spiritual forces resident on the planet. They act as companions and guides for celestial visitors and student sojourners, whereas the secondary creatures are almost exclusively attached to the ministry of the material beings of the realm.

The 1,111 loyal secondary midwayers are engaged in important missions on earth. As compared with their primary associates, they are decidedly material. They exist just outside the range of mortal vision and possess sufficient latitude of adaptation to make, at will, physical contact with what humans call "material things." These unique creatures have certain definite powers over the things of time and space, not excepting the beasts of the realm.

Many of the more literal phenomena ascribed to angels have been performed by the secondary midway creatures. When the early teachers of the gospel of Jesus were thrown into prison by the ignorant religious leaders of that day, an actual "angel of the Lord" "by night opened the prison doors and brought them forth." But in the case of Peter's deliverance after the killing of James by Herod's order, it was a secondary midwayer who performed the work ascribed to an angel.

Their chief work today is that of unperceived personal-liaison associates of those men and women who constitute the planetary reserve corps of destiny. It was the work of this secondary group, ably seconded by certain of the primary corps, that brought about the coordination of personalities and circumstances on Urantia which finally induced the planetary celestial supervisors to initiate those petitions that resulted in the granting of the mandates making possible the series of revelations of which this presentation is a part. But it should be made clear that the midway creatures are not involved in the sordid performances taking place under the general designation of "spiritualism." The midwayers at present on Urantia, all of whom are of honorable standing, are not connected with the phenomena of so-called "mediumship"; and they do not, ordinarily, permit humans to witness their sometimes necessary physical activities or other contacts with the material world, as they are perceived by human senses.

P.866 - §8 The midway culture, being the product of an immortal planetary citizenry, is relatively immune to those temporal vicissitudes which beset human civilization. The generations of men forget; the corps of midwayers remembers, and that memory is the treasure house of the traditions of your inhabited world. Thus does the culture of a planet remain ever present on that planet, and in proper circumstances such treasured memories of past events are made available, even as the story of the life and teachings of Jesus has been given by the midwayers of Urantia to their cousins in the flesh.

P.1008 - §2 5. The Urantia Papers. The papers, of which this is one, constitute the most recent presentation of truth to the mortals of Urantia. These papers differ from all previous revelations, for they are not the work of a single universe personality but a composite presentation by many beings. But no revelation short of the attainment of the Universal Father can ever be complete. All other celestial ministrations are no more than partial, transient, and practically adapted to local conditions in time and space. While such admissions as this may possibly detract from the immediate force and authority of all revelations, the time has arrived on Urantia when it is advisable to make such frank statements, even at the risk of weakening the future influence and authority of this, the most recent of the revelations of truth to the mortal races of Urantia.

P.1208 - §6 The Adjuster of the human being through whom this communication is being made enjoys such a wide scope of activity chiefly because of this human's almost complete indifference to any outward manifestations of the Adjuster's inner presence; it is indeed fortunate that he remains consciously quite unconcerned about the entire procedure. He holds one of the highly experienced Adjusters of his day and generation, and yet his passive reaction to, and inactive concern toward, the phenomena associated with the presence in his mind of this versatile Adjuster is pronounced by the guardian of destiny to be a rare and fortuitous reaction. And all this constitutes a favorable co-ordination of influences, favorable both to the Adjuster in the higher sphere of action and to the human partner from the standpoints of health, efficiency, and tranquillity.

P.1258 - §1 On many worlds the better adapted secondary midway creatures are able to attain varying degrees of contact with the Thought Adjusters of certain favorably constituted mortals through the skillful penetration of the minds of the latter's indwelling. (And it was by just such a fortuitous combination of cosmic adjustments that these revelations were materialized in the English language on Urantia.) Such potential contact mortals of the evolutionary worlds are mobilized in the numerous reserve corps, and it is, to a certain extent, through these small groups of forward-looking personalities that spiritual civilization is advanced and the Most Highs are able to rule in the kingdoms of men. The men and women of these reserve corps of destiny thus have various degrees of contact with their Adjusters through the intervening ministry of the midway creatures; but these same mortals are little known to their fellows except in those rare social emergencies and spiritual exigencies wherein these reserve personalities function for the prevention of the breakdown of evolutionary culture or the extinction of the light of living truth. On Urantia these reservists of destiny have seldom been emblazoned on the pages of human history.

4. THE LIMITATIONS OF REVELATION - P.1109

P.1109 - §2 Because your world is generally ignorant of origins, even of physical origins, it has appeared to be wise from time to time to provide instruction in cosmology. And always has this made trouble for the future. The laws of revelation hamper us greatly by their proscription of the impartation of unearned or premature knowledge. Any cosmology presented as a part of revealed religion is destined to be outgrown in a very short time. Accordingly, future students of such a revelation are tempted to discard any element of genuine religious truth it may contain because they discover errors on the face of the associated cosmologies therein presented.

Mankind should understand that we who participate in the revelation of truth are very rigorously limited by the instructions of our superiors. We are not at liberty to anticipate the scientific discoveries of a thousand years. Revelators must act in accordance with the instructions which form a part of the revelation mandate. We see no way of overcoming this difficulty, either now or at any future time. We full well know that, while the historic facts and religious truths of this series of revelatory presentations will stand on the records of the ages to come, within a few short years many of our statements regarding the physical sciences will stand in need of revision in consequence of additional scientific developments and new discoveries. These new developments we even now foresee, but we are forbidden to include such humanly undiscovered facts in the revelatory records. Let it be made clear that revelations are not necessarily inspired. The cosmology of these revelations is not inspired. It is limited by our permission for the co-ordination and sorting of present-day knowledge. While divine or spiritual insight is a gift, human wisdom must evolve.

Truth is always a revelation: autorevelation when it emerges as a result of the work of the indwelling Adjuster; epochal revelation when it is presented by the function of some other celestial agency, group, or personality.

In the last analysis, religion is to be judged by its fruits, according to the manner and the extent to which it exhibits its own inherent and divine excellence.

Truth may be but relatively inspired, even though revelation is invariably a spiritual phenomenon. While statements with reference to cosmology are never inspired, such revelations are of immense value in that they at least transiently clarify knowledge by:

1. The reduction of confusion by the authoritative elimination of error.
2. The co-ordination of known or about-to-be-known facts and observations.
3. The restoration of important bits of lost knowledge concerning epochal transactions in the distant past.
4. The supplying of information which will fill in vital missing gaps in otherwise earned knowledge.
5. Presenting cosmic data in such a manner as to illuminate the spiritual teachings contained in the accompanying revelation.
